DIVISION DIRECTOR APPROVAL: _____

David S. Koppel, PE, County Engineer

DOCUMENTATION: Included ☒ Not Required ☐

DISPOSITION: _____

AGENDA ITEM # _____

EMPLOYEE OF THE MONTH
NOVEMBER 2004

JOSEPH STICKNEY, III
CONSTRUCTION INSPECTOR, ENGINEERING DIVISION, MARATHON

Joseph Stickney, III, began working with Monroe County in the Recycling Department on January 13, 1998. In September of 1998, he was assigned to the Facilities Maintenance Department. On August 1, 2000 he transferred to the Engineering Department as a Construction Inspector. Since that time Joe has brought many projects to a satisfactory completion for Monroe County, but recently he was given the responsibility of two extremely demanding projects - the Palm Avenue Paving and Bike Path Project and the Stock Island Roads II Project. During the course of these projects, Mr. Stickney met and exceeded his responsibilities to the public by responding to all inquiries by anyone living or passing through the construction areas.

Coincidentally, the Stock Island road project and the Stock Island sewer project were conducted at the same time and in the same area. Mr. Stickney coordinated these two projects to eliminate conflicts between the two contractors. He immediately responded to all complaints, questions and inquiries with whatever action was necessary to resolve the issues in question.

The Engineering Division has received numerous phone calls and letters of commendation praising Mr. Stickney's performance as a Monroe County employee. We are extremely proud to recognize Joe as Employee of the Month for November 2004.
